

## 2x Wartsila 34DF – Timely Voyage Overhaul

Withholding our end of the agreement, KAIMS is now attending the 24.000RHR Overhaul of a total of 32 contractually assigned engines on a regular basis.

Through our knowledge and expertise, we perform voyage overhaul of the W34DF on time while never sacrificing quality.

This project was completed within a period of 32 days on a short notice through our 34DF assigned engineers, among the tasks completed was the:  
Cylinder Liner Honing – Main Bearing Renewal (worn condition)  
– Piston Overhauling – Multiple Pumps and VIC Renewal and more.
